

Descendants of John Waites and Anne Deloss

Much has been written suggesting that John Waites, husband to Anne Deloss is the son of Richard and Sarah (Blake) Waites. Per the efforts of many dedicated researchers it has been shown that this is not the case. For additional information on this line please visit Our Wandering Kinfolk by on line at <http://home.centurytel.net/ourfamilyhistory/Index.htm>. Recent DNA test results seem to support this work in that the signatures of these two groups are in fact different. We would however, like to test additional male descendants of this line. Please contact Sue Waite-Langley at swaitela@waitegenealogy.org if you would like more information.
